

# GUIDELINES FOR REFERRAL

I. Motivated Patient / Caregiver / Parent - Must be able to communicate via email, sign electronic forms, and be responsible. (Schedule and show up)

## BASIC INFORMATION

Hospitals offer Operating time to North Carolina Hospital Dentistry.

Appointment time is hard to come by. Once available you must reply via email within hours or you will lose that availability.

Avoid Delays:

General Anesthesia requires a history and physical evaluation.

Your primary care provider needs to complete our form. Coordinate with them about completing prior to your procedure date.

## IDEAL PATIENTS

- Check their email regularly
- Motivated to have treatment completed
- Contact your primary care provider and schedule a history and physical within 30 days of the scheduled procedure.
- Send us your primary care's fax number.

## OUR PROMISE

We will complete your case within 30 -45 days, respond to emails within hours, and provide a 5 star experience. If we are not an ideal fit for you, please ask to be referred to another office!

# **Will this work for you?**

**This service is ideal for individuals, caregivers, parents that are; self directed, motivated, and responsible. If you are comfortable with responding to your emails within hours, and want to get your work done in 30-40 days we can do this.**

**If you want someone to do all the background work without you getting involved it would be better for you try a different office.**

**Insurance Verification for some individuals require active participation, and its the patients job in certain cases to contact their respective insurance company.**

**We are not a dental school, or university.**

# FLOWCHART

## Online Referral
